**ARNO
BREKER**

A high-contrast, black and white portrait of the sculptor Arno Breker. He is shown from the chest up, with his head tilted slightly to the left. His right hand is raised to his face, with his index finger pointing upwards towards his forehead. His face is deeply lined with wrinkles, particularly around the eyes and forehead, suggesting a life of intense thought and labor. The lighting is dramatic, coming from the upper left, which highlights the texture of his skin and the intensity of his expression. The background is dark and indistinct.
